

2 Agreement to Addendum No. 1

Addenda are instruments issued by the Purchasing Department prior to the date for receipt of offers which will modify or interpret the specification document by addition, deletion, clarification or correction. Vendor must acknowledge receipt of this addendum in the space provided at time of bid submission.

Be advised of the following clarifications and changes to the Specification and bidding documents:

- 1. Attached General Specifications*
- 2. For the completion dates of the project, I have added another bid line. The City is looking at a couple of different dates for the completion of this project.*

All other terms, conditions, and requirements of the request remain the same as originally indicated in the document or as modified on previous addenda.

Sharon Mulder
Asst. Purchasing Agent

Yes

(Required: Check if applicable)

This document is a downloaded web page. Cheever has split the document into the more familiar separate addendum format that the construction industry is use to. No information has been altered, we have only added a date of issuance and a moved the text to separate sheets to produce separate documents that bidders are used to responding to.
